The album "Lucid Dream" describes the dream world of a nomad. Psychedelic nuances of a futuristic megacity where rhythms change and nothing stays the same for long, are mixed with the dreams of the nomad. Dreams originating from a trip to a parallel world full of tropical islands.

The single "Lucid Dream Part I - Synaesthesia" is the first part of a two-part suite. But for the second part we will have to wait until Friday March 3rd.

The melodic vein of Yiannis Kassetas is well known from his 5 previous albums as a leader, as well as his comfort in supporting his melodies with inventive harmony. Both of these elements are met in this single, as well as a group of experienced and renowned musicians of the Greek

jazz community who give their best: Costis Christodoulou (piano), Grigoris Theodoridis (double bass), Dimitris Klonis (drums) and of course Yiannis Kassetas himself on the saxophone.

"Lucid Dream Part I - Synaesthesia" has just been released on Spotify, Apple / iTunes, Deezer, YouTube Music, Tidal, Amazon Music and many other streaming and download digital platforms.

Release Date: Friday, February 17, 2023.
